WHAT OTHER WOMEN SAY in recent retreats...

“Leeliu is a powerful spaceholder who completely embodies what she shares & teaches. She radiates true love, absolute freedom & fearless power. She is pure magic...” - Jieming, Self love mindfulness coach

Dear Leeliu, thank you for being the embodied divine goddess that you are. Having the luxury of sitting in two circles with you in the past week has brought me to a place of deep listening of the feminine in me.....Thank you for holding that courageous yet tender space for me to meet my inner mother and wise woman. Precious precious moments, still percolating and will continue to water the neglected parts of my inner world. Love you, thank you.

Deep bow

Amanda Yik, Coach, Trainer, Facilitator

“Thank you to Leeliu for modelling to me over many years, the way of freedom, purity and innocence. Thank you for holding such deep liberated space for all of us to come back to who we are...”

- Arunditha, Poet, Sacred Artist & Activist
